Subject: Nomination for the 2017 Taimi Lynne Hoag Award: Doug Cox
[Award Nomination Doug Cox.docx](#)

Hello Mr. Greenwater,

We are submitting a nomination for Douglas Cox, Environmental Program Coordinator for the Menomonee Indian Tribe of Wisconsin, as a candidate for the 2017 Taimi Lynne Hoag Award for Environmental Stewardship.

The information we've included has been developed to the best of our ability, without Mr. Cox's knowledge of our nomination. I've sent it as a Word document so the links to supporting documentation in the file stay active, although we can't then sign it.

Please let us know if you need additional information about Mr. Cox's substantial contributions to environmental protection, or if you would like us to verify or expand on information.

Thank you for your consideration. We look forward to hearing the results.
